

High-security warehouse in Dubai

Independent of banks, discreet, non-bureaucratic, and flexible

- You can personally buy or sell, whether it's through phone or online, 24/7, in all major currencies
- Customers are and remain owners; all stored precious metals are special assets
- All stored precious metals are documented in the storage contract and fully insured
- We offer simple and customized access for multiple parties, even in case of unfortunate events
- Secure shipping and physical delivery options are available at all GVS branches
- You can also opt for flexible relocation among 16 international trading hubs
- Plus, enjoy the benefit of no income taxes on sales after the holding period

The highest level of security for your precious metals

- Introducing custom-made steel safes from Wertheim GmbH
- 24/7 onsite security service
- Security technology by Siemens, certified by VSÖ and VDS
- Access restricted to authorized individuals with multi-person control systems
- Guaranteed 100% compliance with data protection regulations
- Complete elimination of all risks associated with the safe deposit box system

Exclusive security features reserved for GVS clients

- With over 20 years of experience in high-security storage
- Biannual review of all client storage by a tax expert
- Physical inventory counts conducted simultaneously
- Our storage facility operates independently, free from credit and trading risks
- Your assets and personal data are never displayed online
